

WORLD ELDER ABUSE AWARENESS DAY

Building Strong Support for Elders

March 9, 2020

Dear Community Partner:

As Americans, we believe in justice for all. Yet, every year an estimated 5 million, or 1 in 10 older Americans experience elder abuse, neglect, or exploitation. Working together, we can build the social supports that can prevent this abuse and keep everyone safe as we age.

World Elder Abuse Awareness Day (WEAAD) – commemorated on June 15th every year – is an opportunity for people or organizations to take action to protect older adults by raising awareness about elder abuse, why it occurs, and what we can do to stop it. We can act collectively to support justice for all.

WEAAD is a way to renew our commitment to preserving the rights of older adults – including the basic human right to live with dignity, free from abuse and neglect.

The Appalachian Council of Governments in partnership with South Carolina's Department on Aging will be hosting the 3rd annual World Elder Abuse Awareness Day. We are inviting you to submit an application to be a vendor in our important event. As we focus on community awareness, we feel that your presence will have a positive impact.
