10:00 AM Full Regional Transportation Committee Agenda

10:00– 10:20 I. 2021-2027 ACOG TIP Amendments

Action Possible Action Information Minutes: 20

Presenter: Mr. Lance Estep, ACOG

Item Summary: Mr. Estep will provide the Committee with a summary of each project that requires an amendment in the TIP.

Background: **US 178 Resurfacing in Pickens and Anderson Counties:** During the project feasibility review, SCDOT designers determined that the proposed improvements will require right-of-way funding.

US 178 @ SC 135 Intersection: During the project feasibility review, SCDOT determined that improvements were not needed for this intersection.

Appalachian Regional Model Update: The regional travel demand model is scheduled for an update in accordance with the Rural Planning Work Program. Guideshares will be used to fund the update, therefore the project must be added to the TIP and programmed for funding.

Performance Measure(s) Addressed:

Safety Infrastructure Condition System Performance

IV. **Adjourn**

Agenda Item I: 2021 – 2027 ACOG TIP Amendments

US 178 Resurfacing in Anderson County (P030831) and Pickens County (P038350)

Proposed Amendment: Add a Right-of-Way phase to each project in the amount of \$50,000 in FY 2022. Move the Construction phase of the project (\$9,000,000 in Anderson County and \$4,000,000 in Pickens County) to FY 2023

Justification: During SCDOT’s Design Field Review (DFR), SCDOT designers found that this project may not be able to stay within present ROW and will require some new ROW. The row is minimal, but SCDOT is requesting \$50K of ROW funds for each section of the project; \$50K for the Pickens County portion and \$50K for the Anderson County portion.

US 178 @ SC 135 Intersection (P031965) in Pickens County

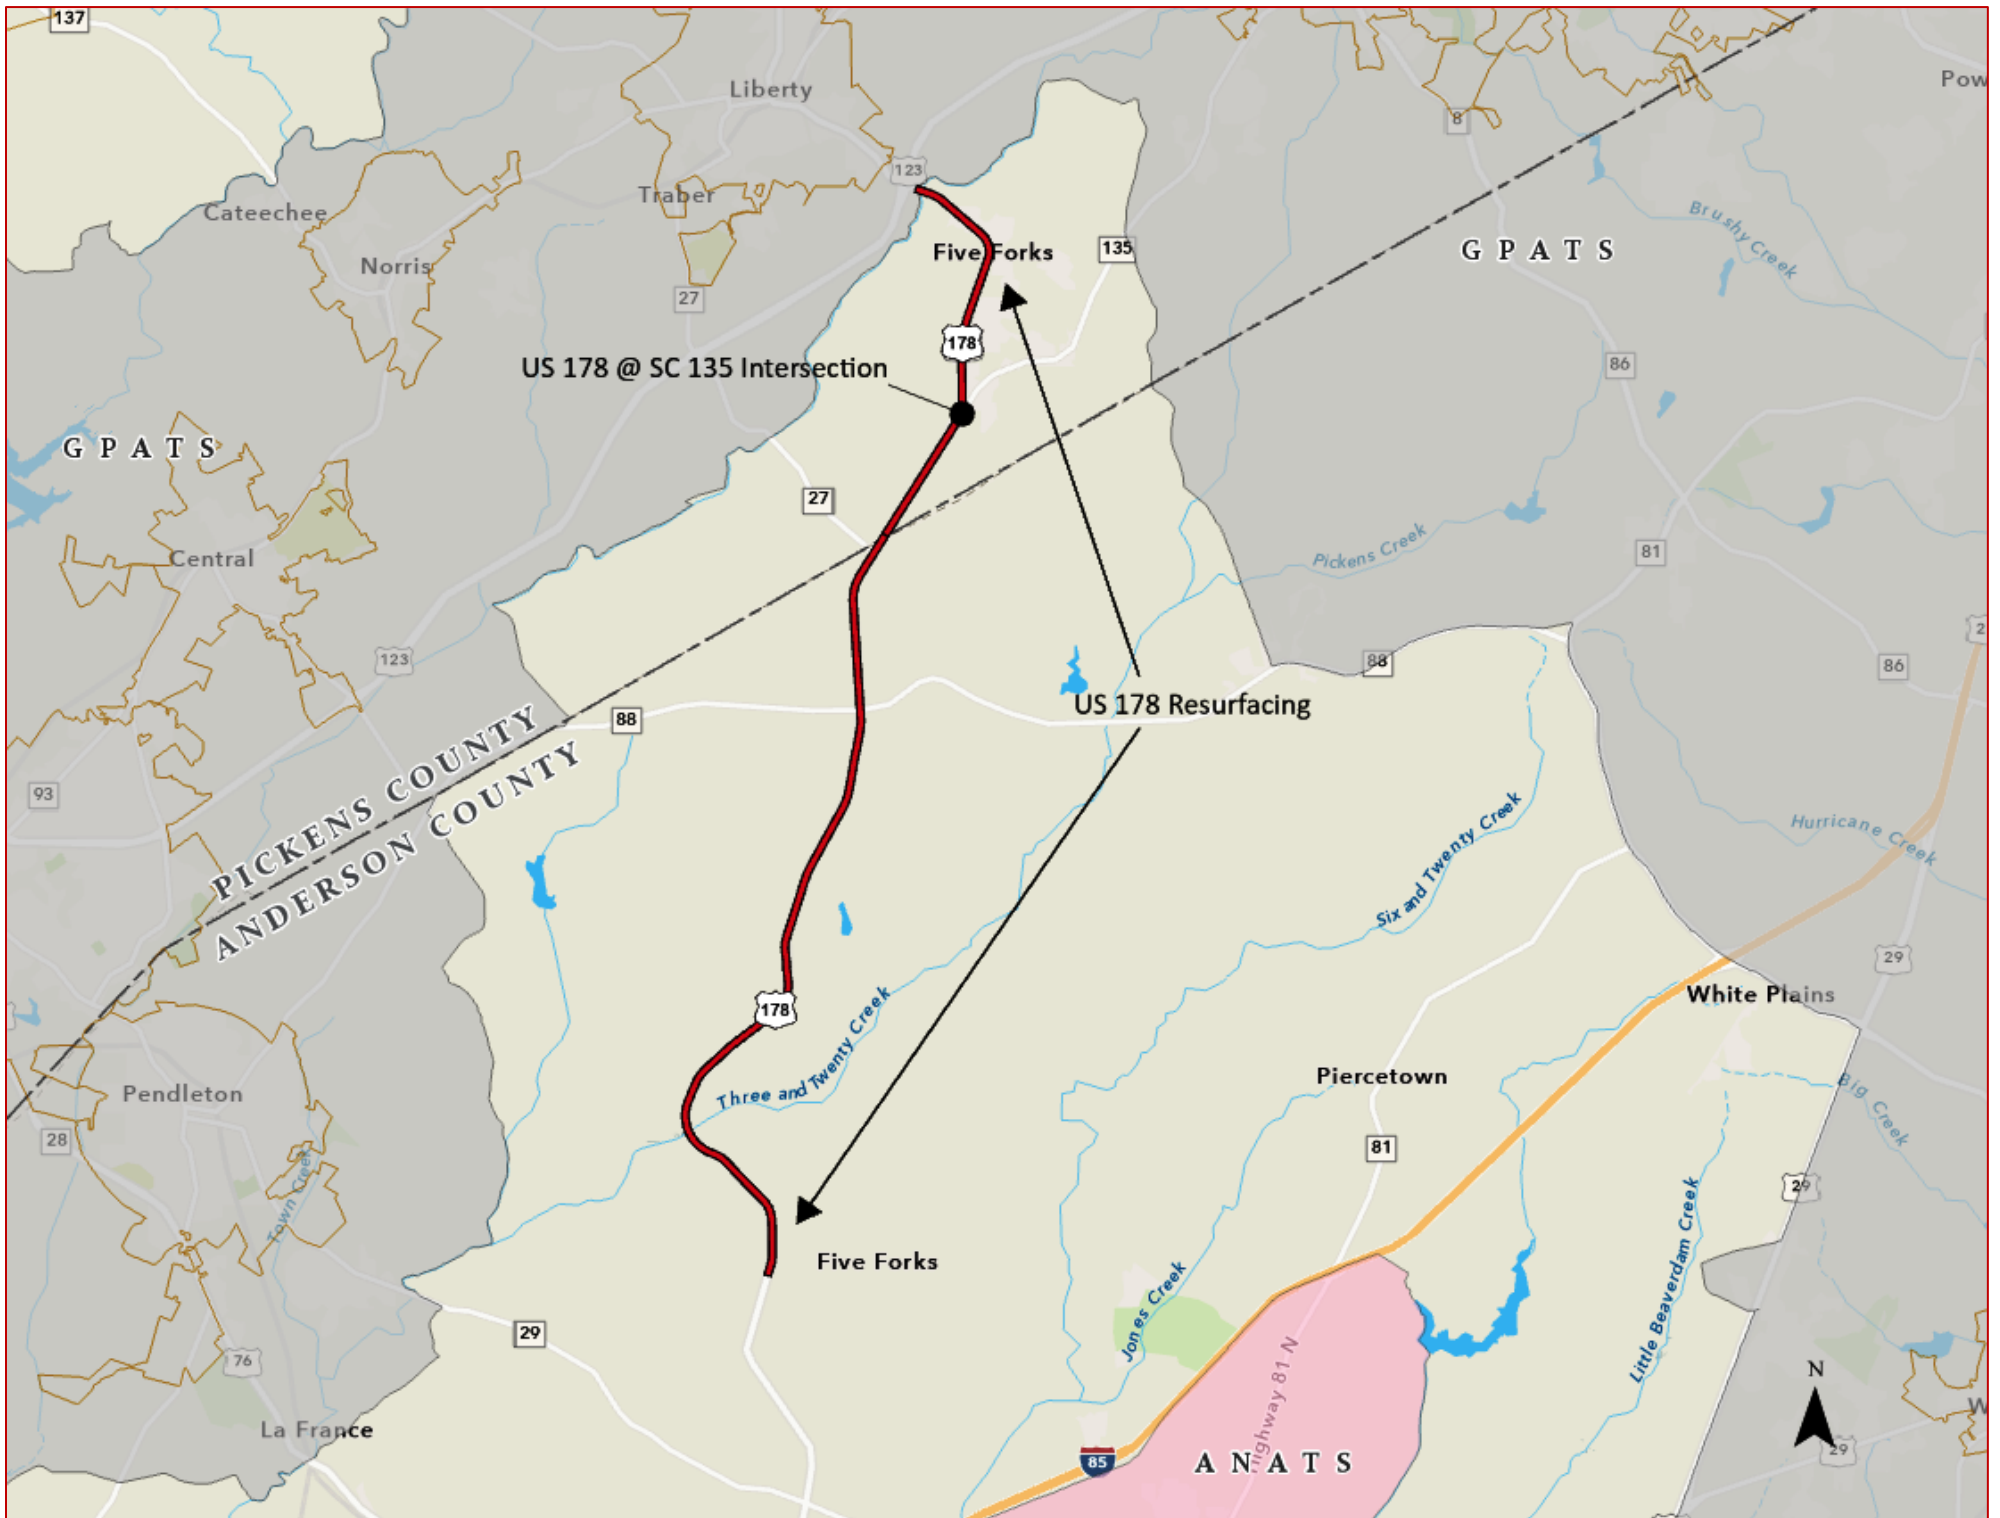

Proposed Amendment: Remove the project from the TIP

Justification: After SCDOT’s Design Field Review (DFR), the recommendation was no changes to the alignment and signage at this intersection. Any changes to pavement markings and other traffic control measures will be incorporated into the US 178 corridor resurfacing project.

Appalachian Regional Model (ARM) Update

Proposed Amendment: Add project to the TIP

Justification: The regional travel demand model is scheduled for an update in accordance with the Rural Planning Work Program. Guideshares will be used to fund the update, therefore the project must be added to the TIP and programmed for funding.
